NOTICE

With the new revision on the abolishment of the temperature control and log books, our position to ensure a safe environment for parishioners to attend Mass is severely compromised. The only alternative we can turn to, is to yourselves, as parishioners of CHS to take responsibility and take care of each other (*Kita jaga kita*). The new Omicron variant is highly contagious and most of the time, those tested positive do not have any fever or any of the usual symptoms of the Delta variant. As such, we appeal to all to refrain from coming for Mass especially if you have the following symptoms:-

sore throat, runny nose, persistent cough or any other symptoms related to this pandemic, irrespective of your self-test result. This would greatly help us make our church safe for us to gather together as one body to worship Him and receive the Eucharist.

COMING BACK TO CHURCH - Catechism of the Catholic Church 1324-1327 defines the Eucharist as the source and summit of Christian Life. We need to receive the Eucharist to strengthen ourselves and persevere through the trials of life. We cannot receive the Eucharist virtually and with the majority of parishioners fully vaccinated, we are encouraging all parishioners to come back and worship our Lord as one body especially on Sundays as it is a day of obligation. The dispensation was given at a time when Covid-19 was taking many lives and no vaccines were available. The situation is different now. If you are fully vaccinated, and especially if you are going to work every day, eating out, going to the market or mall, visiting relatives during CNY, you should be able to come and worship our Lord in church on Sundays as well.

GIVE BLOOD, GIVE LOVE

Your blood donation may mean a few minutes to you, but life for somebody else.

Your blood donation is not only an expression of love, it is a matter of life and death for the recipient. There are many with a daily need for a regular blood supply to stay alive, while others may need a blood transfusion to recover from an accident or illness. Below we list the 8 types of people that your blood donation can help, and the life-giving impact it can bring to their lives:

1. Accident victims
2. Cancer patients
3. Patients with severe burns
4. People who have undergone surgery and organ transplants
5. Dengue patients
6. Thalassemia patients
7. Patients who are dying
8. Premature infants and mothers with excessive blood loss due to childbirth

It's all up to you! The 8 kinds of people mentioned above are all looking forward to your help. They also hope to live a normal life, to continue their life and to continue to be with their loved ones. To get to this point, they do need your help and mine i.e. our precious blood donation. Especially during this Lent, it's a small contribution we can make to others.

A bag of blood 🩸 = A heart full of love ❤️

You can bring hope and joy for someone in spite of the Covid19 pandemic :

- You can donate blood one month after recovering from Covid 19
- You can donate blood 7 days after your booster jab or 14 days after your 2nd dose.

Come and help save a life today! Make a date with us on 02 April 2022, 9am to 3pm.

CHS LENT WEEK 4 – BEAUTY OUT OF ASHES

How many times has our Lord turned our situations around from hopeless to hopeful? Our God is a faithful God and He answers us each time we call unto Him. For Week 4 of our CHS Lent journey, we want to present a Thanksgiving Bouquet to our Lord for all the things that He has done for us.

During Mass this weekend, you will be given the opportunity to write a “Thank You Note” to our Lord Jesus Christ and all these notes will be collected and presented as a Thanksgiving Bouquet during our Easter Vigil Mass on 16 April 2022. Let us together praise and thank our God for He is good!
